### **Training Program on Innovation Development Using Recent Technologies on 10<sup>th</sup> Feb 2021 by Mr.S.Rajha**

#### **Objective of the Event:**

There is emerging evidence that new technologies are related to improvements in productivity. Nevertheless, in considering the relationship between new technology and productivity, it is vital to consider human resource management and development issues due to their mediating effects on the relationship between new technology and productivity.

#### **About the Chief Guest: Mr.S.Rajha, Amphisoft Technologies Limited**

Amphisoft Technologies is a next-generation global technology company that helps enterprises reimagine their businesses for the digital age. Their technology products, services, and engineering are built within a decade of innovation, with a owned management philosophy, a strong culture of invention and risk-taking, and a relentless focus on engineers. They offer an integrated portfolio of products, solutions, services, built around Digital, Cloud, Automation, Analytics, Infrastructure Management and Engineering Services, amongst others. More than 9 years later, their success is exemplified through their employees' drive to advance ideas that bring meaningful innovations to life for their students and partners around the globe. They have guided by a mission to help customers use technology to turn ideas into value, and empower them to transform industries, markets and lives. They simplify Hybrid IT, power the Intelligent Edge and provide the expertise to make it all happen.

## 5. Benefits in terms of learning/Skill/Knowledge obtained.

This training program acted as a wake-up call to all the students, helping them to keep up with the quickly advancing technologies inside and outside this competitive world. Often times, being innovative can be difficult. This intuitive approach has also helped them to take the mystery out of "how to think like an innovator". Though every day was focused on different aspects of innovation, each program has been designed to help individual them learn, develop and progress personally and

professionally.
