## **Department of CSE conducted Guest Lecture on "Advanced Data Structures" by Dr. Sundarapandian Vaidyanathan on 20.08.2024 at KITS**

### **Description:**

Department of CSE conducted Guest Lecture on "Advanced Data Structures" by Dr. Sundarapandian Vaidyanathan, Professor, Veltech University Chennai on 20.08.2024 at KITS Guntur. Guntur. Advanced data structures are used in computer science to efficiently manage and manipulate large amounts of data. They are specialized formats that are more complex and efficient than basic data structures like linked lists and arrays.

## **Department of CSE conducted 2-Days Workshop on “Innovative Approaches for Process Design and Development for Societal problems using Data Science Applications” on 19.08.2024 and 20.08.2024**

### **Description:**

Department of CSE conducted 2-Days Workshop on Innovative Approaches for Process Design and Development for Societal problems using Data Science Applications for III Year Students by Dr. Sundarapandian Vaidyanathan, Professor, Veltech University Chennai on 19.08.2024 and 20.08.2024 at KITS, Guntur. Data Science is the deep study of a large quantity of data, which involves extracting some meaning from the raw, structured, and unstructured data. Extracting meaningful data from large amounts use processing of data and this processing can be done using statistical techniques and algorithm.
