EVENT DESCRIPTION:

The ECE association conducted an “**Expert Lecturer**” on “**Role of Science technology & Mathematics in Human Development**” on 07th June 2017 from 3.40 PM to 5.20 PM in the ECE Seminar Hall. **Prof.C.Satyanarayana, ECE dept** is resource person for this lecture. This lecture is conducted to reach the department mission.

SESSION ACTIVITIES:

The faculty in charge **Mr.G.Malyadri** made proper arrangements for this Expert Lecturer. The Program is started with opening remarks of Dr. Siva Ganga Prasad . Exactly at 4.00 PM the lecturer is started by **Prof.C.Satyanarayana, ECE dept** . He started the lecture with the good Smile. He said” Teaching and learning process is a continuous process for the teachers. A good teacher is usually an effective one who learns a sustained , substantial and positive in the way student think and act. In the both process of learning and teaching, attitude has a prominent role. A teacher has to primarily understand the entry level behavior of the student” He said a balloon vendor story which gives the importance of inside beauty rather than the outside beauty. He explained the following concepts

- Analytic Approach
- Dynamism and Enthusiasm
- Instructor-Group Interaction
- Instructor-Individual Student Interaction
