About the Department

The budding department of management studies, introduced in the academic year 2009-10 prepares students for the prestigious Master's Degree in Business Administration. The department aims in harnessing and sharpening the managerial skills and analytical talents of students for a successful managerial career through modern pedagogical methods and participatory opportunities. Spread over 2 years (4 semesters), the students are exposed to the basics of management in all functional areas. Enriched with the foundational basics and practical exposure, the students enter the second year of the program, wherein they can select their specialization to enhance their career options and trans-specialization perspectives. The curriculum is supplemented with guest interventions and updates through industrial interventions. The Department guides the students to facilitate their entry for projects in organizations and in their final placements. Group Discussions, Case Analysis, Seminars Sessions, Management Quiz, Role Plays, Debates, Extempore, Brand Launches, and Issue Discussions etc., provide an excellent opportunity where the emerging managers can propel out their ideas. Activities blended with time and stress management exercises stimulate the right environment and kindles prompt actions. To have a blend of theory and practice, meetings with practicing managers in relevant areas are arranged by way of guest lectures. On regular basis the budding managers are encouraged to visit industries to have the necessary and needed exposure to the business environment. The department encourages participation in seminars, meetings, lectures covering wide variety of subjects conducted by various associations to update and upgrade knowledge in all functional areas of management.

Vision:

- Emerging as a business school of repute

Mission:

- Serving students with satisfaction so as to develop successful entrepreneurs and competent and ethical management professionals, Cater to the needs of industrial, service sectors and society

Department Activities

January- February 2020

1.A Guest Lecture on “Employability Skills” by Mr. J.Arun Kumar, State Head HR- Reliance Jio on 03-01-2020

The guest lecture on employability skills by J.Arun Kumar with his handful of experience along with his skills development lecture motivated students to think of their career and helped them to redesign their destination. The demand of skilled employees

and the lack of skills among students are clearly identified. This session was an eye opener for the students. They came to know what skills they need to learn and the areas they need to develop to own a corporate job.

2. MBA Faculty and students are participated in this event

4.Long Tour

1. PLANT VISIT TO MODERN FOOD ENTERPRISES PVT LTD,(BANGALORE),

2. KAYNES TECHNOLOGY INDIA PRIVATE LTD (MYSORE)

3. MYSORE SANDAL WOOD OIL (MYSORE)

4. BENCHMARK TEA FACTORY (OOTY).

Objectives of the Industrial visit:

Industrial visit has its own importance in a career of a student who is pursuing a professional degree. It is considered as a part of college co- curriculum activities.

- The objective of an industrial visit is to provide an insight regarding internal working of company.
- Beyond academics, industrial visit provides students a practical perspective of the work place.
- It gives an exposure to current work practices as opposed to possibly theoretical knowledge being taught at college.
- Industrial visits provide an excellent opportunity to interact with industrial experts and know more about industrial environment sectors like production technologies, Manufacturing process, marketing strategies & services, finance records, human resource mgt activities and stores, logistics maintenance etc.
- Industrial realities are opened to the students through industrial visits.

- It is one of the tactical methods of teaching.

BENEFITS OF THE VISIT TO STUDENTS:

- Help the students to gain hands-on experience of how industry operations are executed
- Bridge the gap between theoretical training and practical learning in a real-life environment.
- Students are able to better identify their prospective areas of work in the overall organizational function.
- Help enhance interpersonal skills and communication techniques.
- Students become more aware of industry practices and regulations during industry visits.
- Visits broaden the outlook of students with exposure to different workforces
- Sensitize students to the practical challenges that organizations face in the business world
- They get an opportunity to gain in-depth knowledge about the field of their interest, helping them make the correct career choice in future.
- Interfacing with the industry gives them a chance to build networks and hone their business communication skills.

Experiences and Output of the Visit:

- This visit enables the students to apply their classroom learning to a real-life situation while being mentored by a variety of industry experts.
- Sensitize students to the practical challenges that organizations face in the business world
- We have experienced about the machinery in the modern bread & have got new ideas for how to do bread business. Here we understand the recruitment procedure of employee & training methods of an employee.
- It is very helpful for us to opt our career choices.
- Enter via chocolate factory and have a spoonful of melted milk chocolate and then move up a floor to the tea processing factory. Watch the leaves. Wings processed and hear description of different teas and try them too. Much cheaper to buy packs to take home than in local stores. Buy chocolates too.

5.Faculty Participation

Online Sessions
for IIC Calendar Activities

IIC is organizing 15 e-sessions on various
themes of Innovation, IPR & Entrepreneurship
and Startup for the IIC calendar year 2019-20.

These e-activities will replace
the physical activities of Q3
and Q4 of IIC Calendar.

Due COVID19 in our Country to which IIC-Institutes are not able to complete the IIC calendar activities. Your efforts and contribution made IIC a very successful model of establishing, streamlining and strengthening the innovation and entrepreneurship ecosystem in more than 1800 HEI campuses through a decentralized approach with inbuilt reward mechanisms thereof creating a positive competition among HEIs. In times of distress the Innovation is the need of the hour and hence we have to keep moving in the direction of sustained Innovation and entrepreneurship, especially when we are a quarter away from completing our IIC calendar.

Therefore, we **have designed 15 e-sessions as e-activities** on various themes of Innovation, IPR and Entrepreneurship and Startup for the IIC calendar year 2019-20 which will replace the physical activities of Q3 and Q4. **Furthermore, both Q3 and Q4 are merged into one.**

7.Department of MBA Organized by
National level five day online Faculty Development Program
On “Innovative Business Strategies for Post Covid-19 Pandemic”.
(From 8th to 12th June, 2020)

About the Program/Event:

National level five day online Faculty Development Program(FDP) was organized by our MBA department, during 8th to 12th June, 2020 on the topic "Innovative Business Strategies for Post Covid-19 Pandemic. The resource persons were invited from the top premier institutions of the country, viz., IIM-Shillong, NIT Jalandhar, Central University of Hyderabad, SRM University, Chennai and Siva Sivani Institute of Management Hyderabad. Participants have attended the online sessions across the country. The program has witnessed the overwhelm response from the participants. Registrations have come from nearly twenty states of the country.

Objective of the Event: FDP

The objective of the FDP Program is that due to the Covid-19, Corona virus there has been lockdown in almost all sectors worldwide. There has been sudden fall down in the Manufacturing sector, Retail sector, Health care, Pharma, Airways, Tourism, Film industry, Banking and Education sector, etc. As a result of this the Indian economy and GDP also reduce to surprising figures. The attitudes of both manufactures and customers have changed tremendously. A vacuum has been occupied in the entire business environment in the global. Keeping these issues the above said title was decided to the program. The primary objective of the FDP was to suggest suitable and innovative business strategies so that to cope up from this pandemic environment.

• Details of Resource Persons :

- **Registration details: participants: 157(142+10+5)**

Event Photographs:

- **Feed back on the Program:**
 - The most commonly encountered impediment to participation in FDPs is teachers' beliefs that teaching skills and expertise were sufficient for excellent teaching.
 - Our FDP program produce promising outcomes in the learning and innovative business strategies have proven effective in developing faculty skills and educational leadership.
 - Indeed, today, faculty development constitutes a strategic lever for institutional excellence and quality, and essentially important means for advancing forward institutional readiness to bring in the desired change in response to the ever growing complex demands facing universities and colleges.
 - One of The participant (Geeta, Assistant Professor, Universal College, Lalru, Punjab) reported increased confidence in their teaching, leadership and entrepreneurial skills in recognizing their substantial areas. The participants also reported improved attitudes toward students and increased innovative business strategies about industry-institutional requirements.
 - The participant (Dr.P.Subba Rao, Professor, Godavari Institute of Engineering and Technology) reported that **the** very purpose of FDP is identifying: "What are the effects of faculty development interventions on the knowledge, attitudes and skills of teachers in management education, and on the institutions in which they work?"Is completed.
 - All of the reports of the participants focused on teaching improvement and the interventions included Time series Predictions, business strategies and skills, Revisiting Marketing strategies, Teaching Strategies of Management Teachers.

- Overall satisfaction with faculty development programs was high. Participants consistently found programs acceptable, useful and relevant to their objectives.
- Participants reported increased knowledge of educational principles and gains in teaching skills. Where formal tests of knowledge were used, significant gains were shown. Changes in teaching behavior were consistently reported by participants and were also detected by students.
- However, reported changes included greater educational involvement and establishment of collegiate networks. Key features of effective faculty development contributing to effectiveness included the use of experiential learning, provision of feedback, effective peer and colleague relationships, well-designed interventions following principles of teaching and learning, and the use of a diversity of educational methods within single interventions.
- Faculty development program (FDP) has been considered as a stand-alone educational pedagogy in fostering knowledge and professional skills of faculty.

July-Aug -2020

8.Department of MBA Organized by National Level E-Quiz on Management Aptitude on 1/7/2020 to 5/7/2020

Objective of the Event: To know the level of knowledge in human resource management, financial management, marketing and general management.

About the Program/Event:

There are particular skills are need to have to become a competent or even brilliant manager. The ability to communicate with people is essential. Output of the Session.

This E-Quiz gives idea about what are the basic skills, which are to be taken in consideration while attempt to management related competitive exam, and what sort of challenges are faced by a manager for taking decisions is the output of the event.

9.Department of MBA Organized by

"Enhancement of Employability Skills for Management Graduates in the Perspective of Covid-19 Pandemic"- on 8th July, 2020

About the Program/Event:

National level Webinar was organized by our MBA department, on 8th July, 2020 on the topic "Enhancement of Employability Skills for Management Graduates in the Perspective of Covid-19 Pandemic". The resource person Dr. Yarlagadda Srinivasulu, Professor, Pondicherry Central University. Around 700 members participated in this event; Participants have attended the online sessions across the country. The program has witnessed the overwhelm response from the participants. Registrations have comes from nearly twenty states of the country.

Objective of the Event

The objective of the webinar is to have an opportunity to explore the concept of "learning and training anywhere, anytime", an idea central to the concept of lifelong learning. This in turn requires examination of a range of issues such as how technical, and effectively we prepare or to support new ways of working in the face of disruptors like a pandemic, and how quickly we can organize digital education and training and mobilize teachers and trainers to maintain services to learners. This E-discussion seeks to glean insights into innovative practices in education and training, particularly those that are embracing technology to promote skills development. The E-discussion will also allow us to consider the new challenges emerging in the current context as we move to online forms of learning and skills development, including how we ensure that no one is excluded from new forms of learning and training. This emphasizes us in filling the gaps and upgrading our self to the corporate style of learning and inculcating the behavior concepts.

- **Output of the Session :**

The resource person Dr. Yarlagadda Srinivasulu, Professor, Pondicherry Central University tried to reach the students, parents and faculty with the live examples. How to face this pandemic and how to develop the moral. He specified that this pandemic is like a speed breaker we need to understand the up's and down's which come in our way. He said that reaching the Goal is itself the main aim of everyone's life so do work hard and hard to achieve it in whatever the situation it might be.
