

guidance to all the students towards their career and placements.

UP-COMING EVENTS:

- ❖ One week national level FDP on Security & Privacy from 15th october, 2016 to 20th october, 2016
- ❖ International Conference from November 11th and 12th 2016.
- ❖ One day work shop on cloud computing by Raghavendra, DRDO Scientist.
- ❖ Guest Lecture on “Progressive Based Content Retrieval Systems” by Dr. D. Rajya Lakshmi (Vice-Principal, JNTUKN)
- ❖ NPTEL local chapter for students
- ❖ Center of Excellence for Big Data Analytics
- ❖ Center of Excellence for Cloud Computing

Placements:

- ❖ CGI On-Campus drive will be held in the month of November in college premises. All the best to all students.
- ❖ Final year student Y. Mounika got placed in NTT Data in polled campus drive.
- ❖ 52 final year students are short listed for Ohlook company.

HOD's Message:

Prof. R.Ramesh

Prof. R. Ramesh, the main backbone of the course is educating the student's knowledge of computer and its engineering as almost all fields are computerized to have ease of handling the problems of designing, manufacturing, maintenance, servicing, researching, marketing and accounting.

His only motto is to make students expertise in Computer Engineering Program includes computer operations on different languages, data generation, collection and utilization of information.

Dr.M.S.S.Sai

Dr.M.S.S.Sai is from Department of Computer Sc. & Engineering and he opines that this department will excel nationally and distinguish itself as a recognized pre-eminent leader in imparting knowledge to students and establish State of the Art Research centre in its domain.

His sole mission is to develop students to be competent and professional solution providers, Competent to learn Emerging Technology, yet be Responsible citizens who will create wealth for the nation.

Staff Achievements:

- ❖ **Mr. C.N.S.Vinoth Kumar, Mr. M. Suresh, Mr. K. Upendra , Ms.B. Yamini and Ms. Ch. Sireesha** has attended a two-day national workshop on ***“BIG DATA: CHALLENGES AND OPPORTUNITIES”*** on 30th September & 1st October 2016 at VVIT organized in coordination with Department of Science and Technology, New Delhi.
- ❖ **Mrs. K. Jhancy Rani, Mrs. Y. Vasanthi and Ms. M. Phani Anusha** has attended a National seminar on ***“INTELLIGENT SYSTEM for MORE CONNECTED WORLD”*** on 24th-25th October, 2016 at Dr. KL Rao Bhavan, Governorpet, Vijayawada-520002 organized by “The institution of Engineers (INIDA)”.

Events:

FDP on Security & Privacy

The Department of Computer Science and Engineering, KKR& KSR Institute of Technology and Sciences (KITS) conducted a One Week National Level Faculty Development Program in association with Electronics & ICT Academy, NIT Warangal from 15-10-2016 to 20-10-2016.

This prestigious FDP was inaugurated at KITS in seminar hall on 15-Oct-2016 at 9:30 AM by Dr. RashmiRanjan Rout.

Assistant Professor, Department of Computer Science and Engineering, National Institute of Technology, Warangal and presided by the College Chairman Sri Koye. Subbarao, Secretary & Correspondent Sri Koye. Sekhar, Principal of KITS Dr. P.Babu and Professor R.Ramesh, Head Of the Department, CSE. Lighting of the lamp by the dignitaries marked the inauguration of the FDP.

This faculty development programme (FDP) is designed to address these security and privacy issues. The fundamental theory, practical aspects and research directions are the major issues to be covered in this programme.

Faculty members of various engineering colleges from Telangana, Andhra Pradesh, Karnataka states and Pondicherry UT were participated in this national level FDP.

Chief Guest and Resource person Dr. DV LN Somayajulu, E&ICT Academy Chair, NIT Warangal, said that Security and privacy are essential for the internet as a platform for innovation, economic growth and social development. The information technology and the internet become more and more ubiquitous in our daily lives.

Chairman K. Subbarao expressed that this FDP would make the faculty members conversant with the techniques of security and privacy in their teaching.

The resource persons covered various contemporary issues and concerns in the regard of security and privacy.
