Industrial Visit to “Railway services Wagon Vijayawada”

On

17-02-2020

The department of EEE organized an Industrial Visit to “Railway services Wagon vijayawada” On 17-02-2020. This is one of the **Premier Workshops and first modern workshop** on Indian Railways planned to cater to repairs of different classes of **Broad Gauge Wagons**. In this industrial visit students learned practically about different types of wagons, how the wagons have been repairing and how the electrical department helps in wagons servicing. The resource explained about the different sessions that a wagon undergo from entry level to exit level.
