

1.3.1

Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

(Write description of initiatives in not more than 500 words)

Our Institution integrates Cross-cutting issues of the society like Moral Values, Human Values, Professional Ethics, Ethical Values Gender Equality, Environmental Awareness, which are inseparable part of our curriculum.

Moral Values, Human Values & Professional Ethics

Twenty one days Induction programme related to values and ethics is an integral part of the curriculum of the first year. The compulsory course “Universal Human values & Professional Ethics” for 2nd year & open elective course “Understanding the Human Being Comprehensively-Human Aspirations and Its Fulfillment” for the final year are important part of Curriculum. The common course “Industrial Sociology” and Industrial Psychology are basic part of curriculum of third year. Students will be able to understand the importance of ethics and values in their personal, social & professional life after studying these courses.

These subjects provide free environment for inculcating values and developing ethical competence among the students. It is in response to a long- felt and urgent need to integrate value education with decision making skills in their personal, social and professional life.

College celebrates days of National and International importance as Republic day, Women’s day, Independence Day, Teacher’s day, Human Right Day, International Yoga Day etc. These celebrations nurture the moral, ethical and social values in the students.

Gender Sensitization

The college has Women Grievance Cell and Grievance Redressal Cell to provide counseling to students, promote gender equity among students and also deal with related issues of safety and security of female students, staff and faculty. The college campus is secured with CCTV and high level security. There are separate Boys & Girls hostel (In-campus) for providing the safe environment to all students.

Environment & Ecology

The course “Environment & Ecology” related to ecosystem, its balance & sustainability is an integral part of the curriculum of the second year. University prescribed this course for creating awareness and developing importance of environment among students. Awareness about Environment is necessary for the protection of the environment and survival of human life. The basic aim of this subject is to make the students aware about the importance of ecosystem to human life.

The College has an integrated rain water harvesting System along with STP. The waste water is reused for gardening in the college campus .The STP water is also used for floor cleaning and washing purposes. There is an extensive ongoing tree plantation program. College celebrates the day of National importance as Earth day, Environment day and Ozone day. Keeping in view the environmental aspect, college has already set up a “Center for Alternate & Renewable Energy (CARE)”.

The college organizes workshop/ seminars on Environment & Ecology to make students aware about efficient use of natural resources.
