

A GUEST LECTURE ON

REAL TIME DESIGN AND SIMULATION IN ELECTRICAL SYSTEM

for IV-I EEE students

Date: 01-11-2021

The department of EEE organized A GUEST LECTURE ON REAL TIME DESIGN AND SIMULATION IN ELECTRICAL SYSTEM for IV-I EEE students on 01-11-2021. In this Guest Lecture Mr.K.Hari, Power Electronics Engineer acted as Resource Person. In this Guest lecture explained about How to do real time design and simulation of electrical system. With this Guest lecture students got practical real time design knowledge apart from theoretical knowledge which they have learnt from their Technical curriculum.
