College Achievements

The NSS team from KKR&KSR INSTITUTE OF TECHNOLOGY AND SCIENCES College participated in a remarkable initiative Meri Mati Mera Desh, orchestrated by the Government of India. The initiative is a heartfelt tribute to our nations heroes through various nationwide programs and the installation of memorial plaques, known as shilaphalakams, near Amrit Sarovars. On the eve of Independence Day August 9th, our NSS team embarked on a mission to pay homage to our heroes and contribute to the noble cause by organizing a flag rally and a plantation drive in Vinjanampadu Village. The NSS team, along with our beloved Director and Principal, proudly hoisted a colossal 75-meter flag, symbolizing the unity and diversity of India. we planted a variety of 75 saplings that would thrive and contribute to the villages ecosystem for generations to come. Each sapling represented a promise to nurture and protect our Mother Earth, aligning perfectly with the spirit of the Meri Mati Mera Desh initiative

Independence Day Celebrations

The team of NSS-KITS(GNT) has conducted the independence day celebrations on 15-08-2023. On this occasion NSS unit conducted few competitions like Elocution, Drawing, Singing etc

Department Events

Department of Computer Science and Engineering A 3 Day workshop on “Design Thinking, Critical Thinking and Innovation” from 31st July to 2nd August 2023 By Capsule Labs for III CSE

1. Objective of the Event:

Technical Trainings are best resources for learning new skills. There are numerous options available when it comes to Internet of Things. Some offer training on-site, while others offer it online. Some are more interested in video classes, while others are more interested in real-world coding assignments. To build innovative skills, the Department of CSE, KKR & KSR Institute of Technology and Sciences hosts a Ten Days IoT online Technical Training. The Training major objective is to teach students how to write code and how to use sophisticated technologies to find appropriate solutions to specific challenges. Our main aim is to advance the candidate's abilities, competency, and technology by providing them with hands-on experience, real-life application skills, and simulations. As a result, the primary goal of this boot camp is to explain basic IoT principles, methodologies, and applications.
