## Objective of the Course

Machine learning gives computers the ability to learn without being explicitly programmed. It encompasses a broad range of approaches to data analysis with applicability across all realms. The course aims at providing an introduction to various machine learning methods and applications in python. The core of the courses focuses on unsupervised and supervised methods.

## Course Programme

FDP is split into three parts:

- Lectures.
- Labs/Hands-on sessions daily on Parallel Programming.
- Assignments and Project.

## Assignments & Project

1. Assignments will be of the following type:
  - MCQ based questionnaire.
  - Programming Assignments (Problem statement will be provided.)
2. At the end of the course “Project” will be assigned to the participants based on the Practical Case Studies.

## Course Outcome

The participants will be given a thorough understanding of the following topics:

- Introduction of Machine Learning
- Introduction of Artificial Intelligence
- Supervised Learning- Regression Classification
- Introduction Neural Network
- Introduction to deep neural network
- Introduction to python and anaconda
- Installing library and packages for machine learning and data science
- Introduction of Tensorflow
- Linear and Logistic Regression in TensorFlow
- Image classifier using convolutional neural network
- Develop a predictive analytics model for a complex data set

## Pre-requisites for the Course

The preferred Pre-Requisites for the course are:

- Participants are expected to be familiar with the python syntax and basic plotting functionality.

## Who Can Attend?

- Faculties, Research scholars and Students looking to expand their knowledge in the area of statistical data analysis, Big Data Analysis, and Graphical analysis.
- This can also be fruitful for management streams, social sciences and other non-engineering streams.

## How to Apply?

**Online** – The participants may log on to the E&ICT Academy, IIT Guwahati website: <http://eictacad@iitg.ernet.in> and fill up the google doc application form.
