## About the Department

The KKR & KSR Institute of Technology and Sciences was established computer science engineering stream in the year of 2008. The Department of Computer Science and Engineering educates knowledge of computer and it's engineering. Almost all fields are computerized to have an ease of handling the problems of designing, manufacturing, maintenance, servicing, researching, marketing and accounting. The B.Tech computer engineering program includes computer operations on different languages, data generation, collection and utilization of information. The Department is implementing OBE based education.

## Vision

❖ To become a reputed center in computer Science and systems engineering for quality, competency and social responsibility

## Mission

❖ Providing a strong theoretical and practical education in a congenial environment.

❖ Providing additional skills and training to meet the current needs of the industry.

❖ Inculcating ethical values to meet the challenges of life with courage and confidence.
