Department of CSE, KITS organized "FIELD-VISIT" on 15.09.2023

The purpose of Field visits for students is to provide technical knowledge with the technological development in the industry and to understand the gap between theoretical and practical knowledge that could be passed in future. Industrial visits are usually the first point of interaction between a student and a live working industry. The students learn about the latest technology trend and make up their minds about their future job or area of interest.

On this conception, II Year CSE Students visited the Pivox Lab, Guntur and gained the knowledge about internal working of an IT Industry.

Company Name: PIVOX LAB, Guntur.

Participants: 70 students from II year and three faculty members were participated.
