## **Organized International women's Day Celebrations**

**On**

**8<sup>th</sup> March,2024**

### **1. About the Event:**

International Women's Day is a holiday celebrated annually on March 8 as a focal point in the women's rights movement. **International Women's Day** (March 8) is a global day celebrating the social, economic, cultural, and political achievements of women. History of Women's Day. International Women's Day is celebrated in many countries around the world. It is a day when women are recognized for their achievements without regard to divisions, whether national, ethnic, linguistic, cultural, economic or political. Since those early years, International Women's Day has assumed a new global dimension for women in developed and developing countries alike. The growing international women's movement, which has been strengthened by four global United Nations women's conferences, has helped make the commemoration a rallying point to build support for women's rights and participation in the political and economic arenas.

The first National Woman's Day was observed in the United States on 28 February. The Socialist Party of America designated this day in honour of the 1908 garment workers' strike in New York, where women protested against working conditions. But the first milestone in US was much earlier - in 1848. Indignant over women being barred from speaking at an anti-slavery convention, Americans Elizabeth Cady Stanton and Lucretia Mott congregated a few hundred people at their nation's first women's rights convention in New York. Together they demand civil, social, political and religious rights for women in a Declaration of Sentiments and Resolutions.

2. **Venue of The Event:** KKR & KSR Institute of Technology and Sciences,  
Vinjanampadu, Guntur, Andhra Pradesh.
3. **Date & Time of Event:** 8<sup>th</sup> March 2024
4. **No of Students Participated:** 83
